And re-upping for another term as President, myself (Ellen Ott), and as club Treasurer; Pat Gunter. We all thank you, Pat, for your service to the club.

Greetings to the ZZZzzzeee Walk Event Staff...

My belated but honest **THANK YOU** for helping at the ZZZzzzeee Walk at

the Rio Cibolo Ranch, Saturday, 11/6/10.

Saturday morning was the coldest day of the season with a low of 37 degrees. Believe it or not, that was the same thermometer reading for the start of our last event at St. Mary's University last year on 30 January. BUT... the difference between the two days is that the thermometer only rose to 48 degrees when the Start Window closed at St. Mary's but it tripled last Saturday and it turned out to be a very, very nice day for walking.

THE UNEXPECTED: A GLITCH!

We had an excellent event and, as usual it seems, an unforeseen "challenge" was presented to us: a last minute, largescale morning event at the RCR that clogged the normally deserted roads with scads of cars. Unbelievable! This of course did not contribute to a peaceful walking environment for our participants; however, thankfully, we received NO complaints of which I am aware. I only learned about what was taking place when the sheriff's deputy told me what was going on: we were directing every car into the Zuehl House gate thanks to our highly efficient parking crew. :-) I met with the Director of Marketing at the RCR on 19 October to review the event plan and I was told, "Heinz, you will have the ranch to yourself Saturday morning. In the afternoon we are expecting a group of about 600 people but that event should not interfere with your walk." Hmmmmmm, famous last words!

Regardless, we had an excellent event and what made it successful was the event staff. Each one of you made the event happen: setting up; parking; welcoming walkers; registration; finish; checkpoints; Volkssport sales; and checkpoint re-supply. This is the keystone of any event and I deeply appreciate the contribution of your time and expertise to make it happen and make it happen properly.

An extra special element was having the Director of the Atlantic Region, Sam Tollett, attend the event and use his special IVV Certification Stamp. This was an added touch that contributed to the uniqueness of our event.

Everyone played an important role and as I have told you before, you are

VERY SPECIAL PEOPLE who

always can be counted on to do an outstanding job.

Thank you very, very much for your help and continued support.

Heinz Johnson AVA - SW Regional Director

PS: We are slated to return to the RCR on 22 October next year. Maybe, just maybe, we can extend the walk into the back part of the ranch. Keep your fingers crossed!

A Big Shout Out for Silent Auction Donations

The 2011 AVA convention is just around the corner. It is definitely not too early to think about making a donation to the convention's silent auction. In past years the silent auction has featured a variety of goods and services. Some examples of past donations include jewelry, quilts, handmade items, gift baskets of local specialties, art work, children's books & toys, walking related items, gift certificates for a variety of products, meals and get aways.

The silent auction is our association's biggest fundraising opportunity and the funds raised go to support national Volkssporting. We all benefit from the funds raised during this event. Be creative, but remember these items will need to be transported home from the convention. You might ask local businesses, who are often glad to help. Get your whole club involved in putting together a basket of fun local merchandise. Once you've decided on a donation, please let us know so we can plan the space. Call or email Tom or June Dovle, Silent Auction Chairs, at 608-576-7414 and/or email: tjdoyle98@msn.com. If you'd like to ship the items ahead; please ship to Susan Pinneke,

221 Prospect Ave, West Des Moines, IA 50265. Please indicate silent auction item on the box. Thank you in advance for your generosity.

Brazos Walking Sticks

New AVA Sponsor -

Thank you for the privilege of serving the AVA! May I introduce Brazos Walking Sticks to you & your clubs by answering several questions?

1. Do you see a regional or urban vs. non-urban trend between your customers?

We are in natural areas with trails, like in National and State Parks, from Yosemite and Grand Canyon to Colorado Bend State Park in Texas and Lost River State Park in West Virginia. However, many neighborhood hardware stores successfully carry our wide assortment walking stick line in suburbia, and sporting good outfits along with gift shops and health food stores offer the Brazos Walking Sticks and Canes in the cities. With walking coming on strong as a non-impact way to exercise, we are strong supporters of walking sport folks like the American Volkssports Association and health folks like the American Heart Association, who walk in all venues. Our handcrafted in America, wide stick assortment from Free-Form to Hardwood to Exotic to Colorwood to cane specialties for Men and Ladies, as well as the Garden Yard Stick and the Snow Stick, meet many needs in many venues. This wide appeal is especially true with our many accessories from thermometers to whistles to compasses, along with personalization with metal seals and laser engraving. We often custom design walking sticks for special occasions like for Heads of State. 2. Do you think more of your customers use sticks for hiking or for fitness/lifestyle walking? Since we have dozens of styles to choose from, we see a real diversity in the way our products are used. We do sell quite a few to hikers, backpackers, and campers, but we also sell a large amount of sticks every year to fitness walkers and people just wanting to get back into shape. Our walking sticks are very versatile, being National Sponsors of the American Volkssport Association [ava.org] and the American Hiking Society

[americanhiking.org/Partners/Corporate /]. We are also supporters of the American Heart Association and their <u>startwalkingnow.org</u> initiative:

http://honor.americanheart.org/site/TR/ Events/General?pg=fund&fr_id=1030& pxfid=179159&JServSessionIdr004=d7 x7dnzwx3.app217b

3. Do any of your customers comment on the self-defense possibilities of using a walking stick?

We do have customers, who want to use their walking sticks or canes for self defense, but we make every effort to communicate that our sticks and canes are not designed for that purpose. 4. Do you see differences between men and women in buying a walking stick? Men tend to go for taller sticks with a bit more "beef" on them; for example, a 58-inch hickory. Women usually choose woods that are lighter in weight, but still versatile, like sassafras, aspen, or even bamboo. Colors and colorwood sometimes differentiate between the genders.

5. Are there walking stick collectors who are looking for something in exotic woods, etc.?

We definitely cater to the needs of collectors. Again, we have so many styles and wood choices that even topof-the-line collectors can stay pretty busy accumulating our merchandise, as with our Exotic line. We had one collector, a nice lady in a neighboring state, who bought a cane a week for several months!

6. What should someone consider in making a gift of a walking stick? Is it such a personal item that it might be better to give a gift certificate so a person can choose their own style? Walking sticks make great gifts! Some of the primary things to consider are stick height, weight, and aesthetics. While choosing a walking stick can be a very personal choice, we find that most people who receive them as gifts really do come to love the stick that was given to them. Our laser engraving (for personalization) and gift notes really come in handy when buying a stick as a gift.

Please check us out on the web at www.brazos-walking-sticks.com We can Laser Engrave all kinds of graphics, including the AVA logo, do Event shields and also attach special Seals. Also, consider our unique accessories like our Travel Bag...so you can take your favorite Brazos Walking Stick to your next event, like Nicole just did to Washington State from Texas. See <u>http://www.brazos-walking-</u>

sticks.com/accessories.html. Click on one of the two bag photos. For long walks, we have lightweight woods and also a VERY LIGHT unique walking stick made out of VERY STRONG Iron Bamboo ... that same stuff the Asians build with! See http://www.brazos-walkingsticks.com/free-form-iron-bamboowalking-stick/ Please let me know what you think! And call anytime on how we can team up at your local events! -The Importance of Walking-

Submitted by: Anna Cottrill to E.Ott

Walking can add minutes to your life. This enables you at 85 years old to spend an additional 5 months in a nursing home at \$7,000 per month.

My grandpa started walking five miles a day when he was 60. Now he's 97 years old and we don't know where he is.

I like long walks, especially when they are taken by people who annoy me.

The only reason I would take up walking is so that I could hear heavy breathing again.

I have to walk early in the morning, before my brain figures out what I'm doing.

I joined a health club last year, spent about 400 bucks. Haven't lost a pound. Apparently you have to go there.

Every time I hear the dirty word "exercise" I wash my mouth out with chocolate.

The advantage of exercising every day is so when you die, they'll say, "Well, she looks good doesn't she."

If you are going to try cross-country skiing, start with a small country.

I know I got a lot of exercise the last few years, just getting over the hill.

We all get heavier as we get older, because there's a lot more information in our heads. That's my story and I'm sticking to it. AND Every time I start thinking too much about how I look, I just find a Happy Hour and by the time I leave, I look just fine.

You could run this over to your friends, But just e-mail it to them

Soldiers' Angels is a volunteer-led 501(c)(3) nonprofit providing aid and comfort to the men and women of the United States Army, Marines, Navy, Air Force, Coast Guard, and their families. <u>Founded by the</u> <u>mother of two American soldiers</u>, its hundreds of thousands of Angel volunteers assist veterans, wounded and deployed personnel and their families in a variety of unique and effective ways.

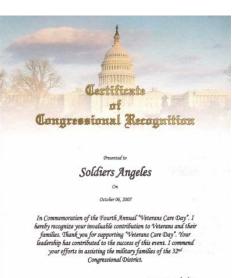

"May No Soldier Go Unloved," encapsulates the motivation behind Soldiers' Angels. The volunteers of Soldiers' Angels work tirelessly to demonstrate active care and concern for veterans, the wounded, deployed service members and their families.

To date, our volunteers have sent hundreds of thousands of care packages and letters to deployed service members; we have supplied the wounded with our First Response Packs directly at the Combat Support Hospitals in Iraq and Afghanistan and the major military hospital in Germany, as well as provided care and comfort to those in stateside military and VA facilities; we have provided emergency aid to military families in need; we have partnered with the Department of Defense to provide voice-controlled/adaptive laptops to nearly 3,000 severely-wounded servicemembers, as well as other technology that supports rehabilitation; we have provided flights to soldiers on leave or in emergency situations, and to their families wanting to be with them upon return from overseas; we have provided Level III KEVLAR armored blankets to give personnel extra protection in their vehicles when it was needed; we help to honor and

uphold the families whose loved ones have paid the ultimate price for our freedom and safety. With the assistance of our generous supporters, the many volunteers of Soldiers' Angels have accomplished this and much, much more on behalf of the grateful citizens of the United States of America.

Dear Soldiers' Angels,

On behalf of the troopers of the First Cavalry Division, I would like to personally thank you for the tremendous support you have shown to our soldiers and their family members during our deployment to Operation Iraqi Freedom. The Division enjoyed numerous successes throughout our mission in Baghdad Culminating with the historic Iraq elections on January 30th. I am convinced tht these accomplishments would not have been possible without fabulous contributions such as yours. Not only were these gestures sincerely appreciated, but they rallied the morale of the soldiers, often at the most necessary times, and were absolutely critical to our mission completion. In other words, we could not have done it without vou! Thank you again for your friendship and support. We are extremely grateful for your dedication to your country and to America's First Team.
